# Legal Facilities Management

Capitalize on Our Full-Service In-House Solutions and Resources

Advanced Discovery provides Law Firms with expert legal Facilities Management (FM) for a full-service litigation support solution.

## Our FM Services

We provide highly sophisticated in-house solutions. Based on the expertise, training and experience, our team will develop and deliver the highest quality of services with cost-efficiency. In addition to the more traditional services, such as scanning and copying, Advanced Discovery offers a wide range of solutions that embrace cutting-edge technology:

- Data Collection & Forensic Investigation
- Early Case Assessment
- Processing
- Document Review
- Web Hosting
- Production
- Paper Discovery Services
- Managed Services
- Consultation

## Our People

Choosing Advanced Discovery to handle all your litigation support needs ensures that you will be working with true experts in efficient and high-quality forensically sound review.

### Our team provides:

- Subject matter experts
- Licensed attorney reviewers
- Technology automation specialists
- Workflow design engineers
- Technicians trained and experienced in firm litigation support

## Our Technology

Advanced is trained and experienced in the latest technological developments that are available to help your firm. But, is keenly aware that technology works best when applied properly and leveraged with the knowledge of skilled team members.

## Peace of Mind

Our team of subject matter experts provide an end-to-end solution for all of your litigation needs. Our experts have been providing litigation support services to law firms of all sizes for decades. Our flexibility and customization of workflows and processes allow you to control how the process is managed. Our goal at Advanced Discovery is to be your trusted partner by providing a defensible, high-quality, results-driven, solution.

At Advanced Discovery, let us do all of the heavy lifting so you can focus on winning the case. Call us today to find out more!

Advanced Discovery's on-site solutions and off-site capabilities, work together to meet the unique needs of each law firm.

### Benefits
