Why We Love It

You'll love slipping into our Venetian Quilt. Hand screen printed and quilted with

100% cotton voile by a family-run quilt making business in Jaipur, India. Its vibrant paisley pattern on one side and striking deep teal blue shade on the other will transform the mood of your bedroom. These prints are inspired by the tradition of block printing that dates back to Moghul times and still flourish today.

Coordinate with our Venetian Pillow Shams.
