

# Beam There, Done That?

Forget what you thought you knew about lasers! Whether you've experienced mixed results or heard they weren't made for darker skin, the latest technology from PicoSure® signals a new day in skin revitalization.

## The PicoSure® Difference

A breakthrough for patients seeking a way to improve skin, reduce signs of aging, and remove even the toughest multi-colored tattoos, PicoSure is the best and newest in laser technology.

### Try PicoSure® Today!

Schedule a consultation for safe, effective removal of acne scars, discolorations, tattoos, and more.

**LIMITED-TIME  
INTRODUCTORY PRICING:**  
Just \$200 a session when  
purchasing 5 or more sessions.

"After years of requests from my patients, I'm thrilled to finally have the technology needed for safe tattoo removal in darker skin types."

-Jeffrey S. Yager, M.D.
