

Any of these sound familiar?

We all have our reasons for putting off that visit to the doctor.

From common conditions like rashes and itchy or sore throat to more specific concerns like hypertension and asthma, 98point6® board-certified physicians are available on-demand, 24/7, **at no cost.***

*The \$5 visit fee some members may have had previously will be waived through December 31, 2021 in response to the CARES Act.

98point6®

"I've tried for years to get my **blood pressure** down. Diet, exercise. I give up."

"It's just a touch of **seasonal allergies**. It's not like I'm really sick."

"I'm **stressed out**, but who isn't? How can a doctor help me with that?"

"I've been feeling more tired lately. But I'm afraid of what my **lab results** might say."

No More Excuses

With no waiting rooms and no time off work, text-based care from 98point6® is a more convenient, affordable way to take charge of your health. It's available to you and your enrolled dependents age 1+ **at no cost.*** Start a visit as soon and as often as you need and see how good it feels to say “yes” to better health.
